

CHILDREN AT COBBLERS COVE

RESERVATIONS FOR FAMILIES

Although Cobblers is very much focused on the adult market, we may accept a small number of under twelve year old children in the hotel at any one time. This however is on an exceptions basis, so any prospective booking involving a child under the age of twelve must first be discussed directly with the hotel. We ask that parents be considerate and ensure that their children are not disruptive to other guests in the hotel.

CHILDCARE AT COBBLERS

To ensure that parents can fully relax we encourage you to request our excellent local childcare services. We are happy to organize this on your behalf. We can also organize a local tutor for any child needing academic assistance.

CHILDREN'S MEALS AT COBBLERS

A Kids menu is available to children under the age of 12 only.

Room service is offered free of charge for children under 12. Alternately, the pool tables may be used by children. There is no dress code at lunch for tables in the pool area.

For more formal meals, it is also possible for children under 12 to eat in the restaurant at specific times & in a specially allocated area. Children should finish lunch by 13.00 and supper by 19.00.

When using the restaurant we request that children remain seated during meal times & that parents be mindful of other guests. Please note that the same dress code in the restaurant applies to children as to adults.

CHILDREN AROUND THE HOTEL

Children should use the swimming pool responsibly & their parents must be mindful of the enjoyment of other guests. For more boisterous or noisy play, parents are encouraged to take their children to the sea.
